Premier Cancer Care & Infusion Center  
7065 N. Maple Avenue #102  
Fresno, Ca. 93720  
(559)554-2100

To Whom It May Concern,

It is with great honor and privilege that President Duane Cooper and the members of the Laton Lions Club present a \$1,500.00, donation to Premier Cancer Care & Infusion Center from the Laton Lions Club's 60th Annual Rodeo "Tough Enough to Wear Pink". This donation is brought to you by the outstanding supporters of the annual Laton Lions Club Rodeo and its members.

Tough Enough to Wear Pink (TETWP) is a grassroots campaign that raises money and awareness for breast cancer support programs. The campaign takes place at rodeos and other events across the country.

Your organization was selected by long time Laton Lion's Club Member and cancer survivor Telie Spurlock. Telie has expressed how wonderful you all are and the outstanding care you provided to her. We are honored to have her represent us and present the check to you. We thank you for your unwavering commitment, support and dedication to those in their fight against cancer. Keep up the great work!

Kind Regards,

Dan Barcellos  
Laton Lions Club  
Secretary/Treasurer

**Dina Ibrahim, M.D.**

Dina Ibrahim, M.D. is a board-certified medical oncologist and hematologist, with over 19 years of experience. She was twice awarded a Top Oncologist distinction by Fresno Magazine, and is recognized as a leading Fresno hematologist and oncologist by the International Association of Oncologists. She has an abiding interest in research, and has served as the principal investigator for many clinical trials.

She received her fellowship training in oncology/hematology at Wayne State University, where she served as assistant professor in the hematology/oncology department for two years and did clinical research. Dr. Ibrahim served as an assistant clinical professor of medicine at UCSF Fresno's department of internal medicine, division of hematology/oncology and as medical director at California Cancer Center in Fresno.

Dr. Ibrahim says that she learns a lot from her patients as she walks with them through the process of coping with a cancer diagnosis. She strives to personalize care for each of her patients, finding an approach to treatment that's right for every individual. She also places a high value on taking the time to listen to her patients and helping them feel at ease in the midst of a trying time.

A local resident of Fresno, Dr. Ibrahim enjoys reading, traveling, spending time with her family and playing tennis.

**M. Mansoor Alam, M.D.**

M. Mansoor Alam, M.D. is board certified in hematology and medical oncology. Dr. Alam completed his residency at the Cleveland Clinic Foundation of Internal Medicine in Cleveland Ohio and finished his hematologic oncology fellowship training at the University of Vermont.

Dr. Alam worked as a Clinical Instructor at the University of Michigan where he worked on cancer research. He studied the effect of cancer medications on different cancer cell lines. Dr. Alam served as an assistant professor at Ohio State University in the Departments of Medical Oncology and Hematology.

Dr. Alam uses the newest and most effective drugs and treatments available. His emphasis is in the patients' overall health and quality of life while they undergo cancer treatment. He takes the time to truly engage the patient to help them get through treatment. For his passion and dedication to patient care he has been the recipient of patient satisfaction awards.

After practicing in diverse clinical and geographical settings he has settled in sunny Central Valley. Dr. Alam is married and has two school age children. He enjoys gardening, biking, hiking, fishing, cooking, and spending time with his family.
